Legenda:

DMD - Digital microsystem design

SSD - Software system design

MER - Mechanical Engineering and Robotics

FCPL - Fundamental concepts of programming languages

LISC - Large scale integrated circuits

CE - Computer engineering

WAD - Web application design
CS - Computer security
DSP - Digital signal processing
CT - Compilation techniques
IIoTCS - Introduction to IoT and Cloud Architectures
DD - Database design
CG - Computer graphics
DM - Data mining
ES - Embedded systems
CC - Complexity and computability
DACSS - Design and architecture of complex software systems
DP - Distributed programming
