

D2. Literature Review Report Specification

A. Cover page:

**Politehnica University of Timisoara
Faculty of Automation and Computing
Master Study Program:**

**Dissertation Domain:
Dissertation Title (provisory):**

Literature Review

**Student name:
Supervisor name:**

Timisoara, June, <year>

B. Contents:

1. Introduction

*Short description of the domain and of the Dissertation context
(Supervisor, research lab and, if the case, research team)*

2. Literature Review

*A coherent summary of research issues based on your study of the
reference list. Avoid a fragmented enumeration of paper abstracts.*

3. Conclusions

*A set of conclusions presenting the ideas of interest, the main focus and
main goal of the Dissertation.*

4. Research Proposal

*A short description of the proposed research direction and of the contents
of the Dissertation.*

References

*A list of minimum 10 titles. References can be scientific papers published
in journals and at conferences, books and online articles. A minimum of
one journal paper is recommended.*
