

Master of Software Engineering

master@cs.upt.ro: /swEngineering/~

master@cs.upt.ro: /master/benefits\$ tree

- Highly qualified specialists in SE
- Expertise of high demand worldwide
- Gain skills in
 - Software security
 - Safety
 - Reliability

master@cs.upt.ro: /swEngineering/courses\$ ls

Component Based Software Engineering
Compiler Design
User Interface and User Experience Design
Advanced Databases
Advanced Distributed Applications
Real Time Systems Design
Heuristic Methods
Parallel Algorithms
Graphics Processing Systems
FPGA Programming for Software Developers

master@cs.upt.ro: /swEngineering/courses\$

Three semesters
coursework

One semester
research and thesis

120 total credits

Teaching in
English
